SUMMARY

Experienced Software Engineer committed to maintaining cutting edge technical skills and up-to-date industry knowledge.
Proficient in developing web applications using JavaScript technologies using Node.JS and React.JS.
In-depth knowledge in developing Restful web services API with best practices.
Experience in version control using Git.
Quick learner and proficient in solving complex technical issues.

SKILLS

React, JavaScript, NodeJS, AWS, HTML, CSS, Express, MongoDB, APIs, GitHub, REST, Python

SOFTWARE ENGINEERING EXPERIENCE

General Assembly - Denver, CO   Jan 2020 to Apr 2020
Software Engineering Immersive Student
- 600+ hours of hands-on experience in leading front-end and back-end web development languages: React, JavaScript, HTML, CSS, Python, Django, and MongoDB.
- Built four rich, interactive, full-stack applications with React, MongoDB, and dove into algorithms, data structures, design patterns, APIs, and more.
- Worked in the team to develop Twitter clone using collaboration tools such as Git, Trello, and Agile development practices.

PROJECTS

Where Should We Eat
A web application to search for restaurants. Restaurants are shown using the user's location from the browser. It is a MERN stack project which uses a third-party API, Zomato, to get restaurant information.

Chirper
Chirper is a Twitter clone. It is a group project, within a group project, implemented key functions (such as follow-following logic) and Git code merging. It is built using Python, Django, HTML, CSS, and GitHub.

FoodHub
It is a YouTube recipe storing application. Used Node.JS with Express and MongoDB to store recipes. The first experience of setting up a backend server for a project.

OTHER EXPERIENCE

Various Restaurants - Rehoboth Beach, DE   May 2008 to Oct 2019
Manager / Bartender / Waiter
- Assessed team member performance and developed improvement plans for weak points.
- Managed store opening and closing procedures to optimize store readiness and maintain strict financial controls.
- Communicated with kitchen staff frequently to stay up-to-date on supply availability and potential customer wait times.

EDUCATION

General Assembly - Denver, CO   Jan 2020 to Apr 2020
Software Engineering Immersive Student

Delaware Technical Community College - Georgetown, DE   May 2012 to Apr 2014
Associate's degree in Architectural Engineering
